

**MOONRAKER**

## **B A R P A C K A G E S**

Moonraker will provide everything needed for your hosted bar so when guests arrive the event can begin. Based on your needs, we can provide full bars at various tiers, beer & wine only bars and craft specialty cocktail bars. All drinks are served at no charge to your guests.

### **CASH BAR**

Moonraker will provide everything needed for your cash bar (no host bar) while charging individual guests for their beverages. Minimums apply and certain private rooms require a cash bar minimum to be met.

We can work with you on the drink tier to fit into a price point which matches your event.

### **CONSUMPTION BAR**

Moonraker will charge only on the drinks consumed. Consumption bars are good when you're throwing a smaller more intimate event in the main dining room of the restaurant, where the bar is already set up and available, or for wedding packages where the bar set up is already included.

there is no outside alcohol permitted into any of Moonraker Restaurant's event spaces / failure to comply with this policy could result in an additional fee of \$500.
